EUROPEAN STAMP EXHIBITION

FINLANDIA
2017

May 24th–28th 2017

Tampere Hall and the Finnish Postal Museum
Tampere, Finland

Report of the Jury of FINLANDIA 2017

The jury finds that the quality of the 416 exhibits shown at Finlandia 2017 has been very high and the competition has been very strong for the main awards. All Commissioners are congratulated for their efforts in gaining these entries for Finlandia 2017. The Jury has also greatly admired the exhibits assembled in the invited class as well as the beautiful material from the Royal Collection.

Finlandia 2017 broke new ground as Picture Postcards was an exhibition class for the first time at an FEPA exhibition, and with 38 exhibits in this new class, it has been a great success. Also in the jury work itself there were innovations, as exhibitors were invited to send in scans of their exhibits in order for the jury to prepare judging also with scans of the exhibits. An overwhelming 75% of the exhibitors sent in scans of the exhibits, and the jury would like to thank exhibitors and commissioners for this. In the actual judging

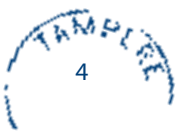

iPads were for the first time used at a FEPA exhibition, and again this was a very positive experience thanks to the hard work of the people doing the programming of the Pads and giving the jury technical support during our work.

The Expert Team conducted a wide review of exhibits in accordance with accepted procedures and reported to the Jury any anomalies.

Our extended thanks goes to the Organisation Committee of Finlandia 2017 on the organisation of the exhibition and the arrangements made to give every possible help in their task of judging. Finlandia 2017 has from our point of view been a great success in every way.

On behalf of the Finlandia 2017 Jury
Tampere, 26th May 2017

Report of the Expert Group

The Expert Group of Finlandia 2017 made a specific review of exhibits, which had been queried at previous FIP (including FIAP/FEPA/FIAF) exhibitions where certificates were requested. Out of 21 items identified, 6 had certificates provided and 13 items were not exhibited. One item was described as forged, and one item a certificate still have to be provided.

Members of the Group also inspected as many exhibits as possible in each competitive class including the Youth Class. Dubious items reported by judging teams were checked. In addition, all the exhibits in FEPA Grand Prix class exhibits were examined.

As a result, a total of 32 new items were inspected at the frames or removed from the frames for closer examination and the recommendations of the Expert Group were as follow:

No action required	1 items
Has to be certified	26 items
Do not exhibit again	2 items
Item has to be described correct	3 items
Total	32 items

The reports of the items examined together with illustrations in duplicate were handed over personally to the National Commissioners concerned for onward transmission to respective exhibitors and National Federations. This would ensure that the decision had been properly conveyed. Copies of the same documents in colour were retained for FIP and FEPA records.

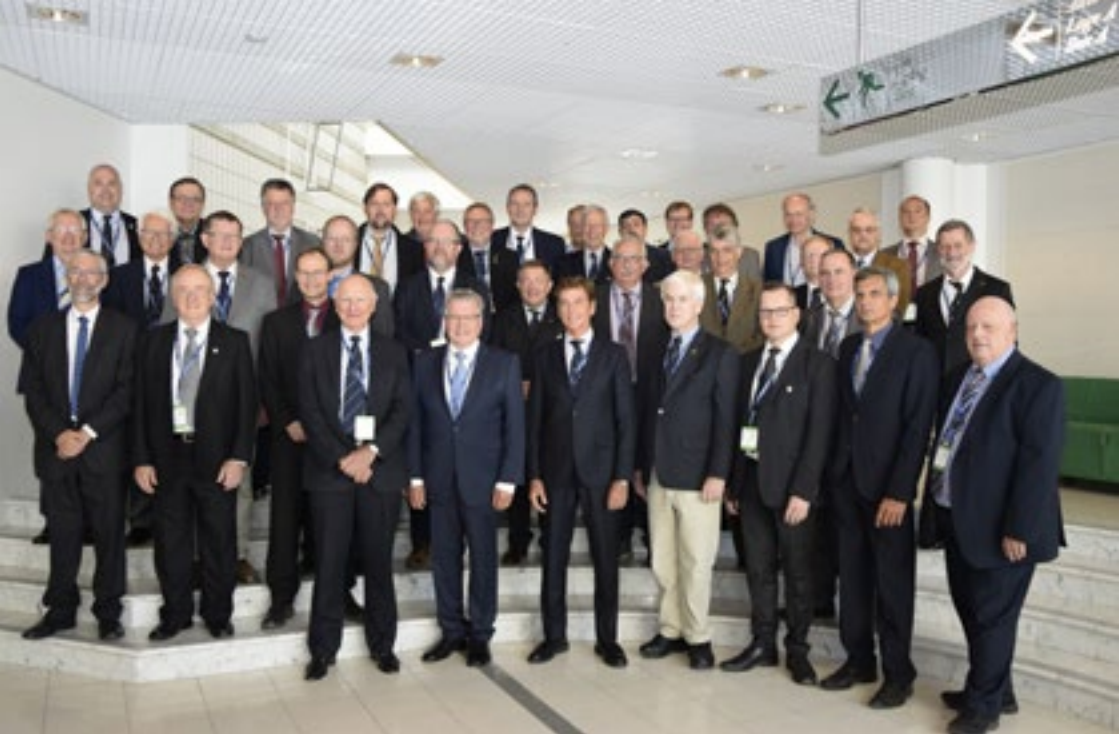

The Expert Group, consisting of Messrs. Lars Peter Svendsen, Giacomo Bottacchi and Cyril Schwenson (Expert Apprentice), would like to thank the judging teams and the National Commissioners for their co-operation as well as the Organizing Committee for the excellent facilities for the smooth working of our group.

CORINPHILA AUCTIONS

As the oldest stamp auction house in Switzerland, situated in the international financial centre of Zürich, we at Corinphila really know the market.

Since our formation in 1921, our aim has been to enrich and improve the stamp collections of our customers throughout the world, at the highest level of International Philately.

The outstanding items of recent sales are regularly seen in exhibited collections and have proven the fact that **Corinphila can help your collection achieve a Grand Prix.**

The International Stamp Auction House in Scandinavia!

***We are proud to have been entrusted with the sale of the
Gummesson Grand Prix d'Honneur Collection of Finland.***

*The sale of this true philatelic legacy began at our autumn
auction in 2016 and is ongoing.*
